# 32ND ISSOIRE INTERNATIONAL TOURNAMENT

Let's go to the 32th international basketball tournament in Issoire !  
As it used to be during the former sporting events, basketball, warmth and kindness will be here on June 15th and 16th 2024 for both U13 and U15 groups (girls and boys).

The sport event team will offer to all young players from France and from other countries as well, a sufficient number of matches, which will be arbitrated by officials from the Rhône-Alpes-Auvergne league. The matches will take place over two days and in four sport sites in Issoire. The volunteer team will welcome all delegations and remain at their disposal for meals and for any other support during the whole event.

At the heart of the sport event, you are invited to come to a party typically from the Auvergne region, with regional specialties and « dance floor » atmosphere. You could then share and discuss with everyone, and why not show off your talent as a dancer (not only as a basketball player) ???...

So if you want to complete your sports season by taking part in a championship which combines competition, sportiness, play, enjoyment and conviviality, do not hesitate anymore ! And come to our international basketball championship !  
We look forward to seeing you there !
